By MELISSA MARTIN MORESBY Northeast MP Labi Amaiu has allocated K500,000 to the Paga Hill re-settlers at Six-Mile to assist them with relocation exercise.

The MP made this commitment on Wednesday during allocation of plots of land by the Paga Hill Development Company to the settlers at Togua.

"I welcome you all to Six Mile; it is my responsibility to make sure I provide essential services for you," he said.

The MP also praised Paga Hill Redevelopment Company for spending millions on relocating people before developing the

land on Paga Hill.

Mr Amaiu has assured the company and its employees that his office will be working in partnership to support this cause.

"I have seen how far this company has come through and I commend it for successfully relocating the settlers here."

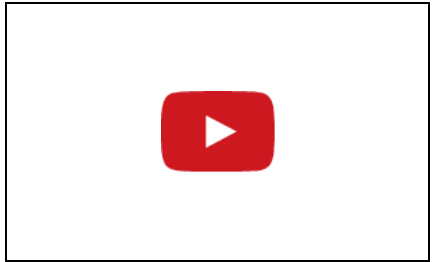

Mr Amaiu has urged the settlers to appreciate the chance of owning their own land given free of charge.
